

Dr. Brown's Folding Drying Rack Instructions

The Folding Drying Rack is universally designed to fit all Dr. Brown's bottles and accessories. The Folding Drying Rack is easily collapsible for convenient storage and for travel. The raised drying platform allows water to collect in the tray base.

Assembly

Insert the drying platform posts into the tray base pins.

1. Starting with the platform posts located beneath the raised incline of the drying platform, line the posts up with the tray base pins nearest to the wall of the tray.
2. Align the shorter platform posts with the tray base pins that are about an inch away from the tray wall.
3. Firmly press the tray base and drying platform together to secure.

Note: To prevent the Folding Drying Rack from folding down while in use, always lock the blue drying posts.

- To **lock** the drying posts in place, **slide drying posts to the left.**
- To **unlock** and fold down, **slide drying posts to the right.**

The Folding Drying Rack can hold up to 12 Original or 8 Wide-Neck Dr. Brown's bottles, all bottle components, and all Dr. Brown's accessories including, training cups, bowls, utensils, teethers, and pacifiers.

Place clean Dr. Brown's bottles, bottle components, and Dr. Brown's accessories in a stacked orientation.

- The longer drying posts are ideal for bottles, bowls, and training cups.
- The smaller posts are ideal for bottle nipples, collars, inserts, and pacifiers.

Cleaning and Storage

The Folding Drying Rack is easy to clean and dishwasher safe. Disassemble the Folding Drying Rack to thoroughly clean.

Unlock all three drying posts by sliding each to the right. Gently pull the drying posts from the drying platform to remove. Remove the tray base from the drying platform.

Wash the Folding Drying Rack in warm, soapy water, rinse thoroughly and let dry, or place in the top rack of a dishwasher.

The Folding Drying Rack easily collapses for easy storage and is convenient for travel. To store the Folding Drying Rack, slide the drying posts to the right, and fold down. Stow away, in a cabinet or drawer when not in use.
